1. TUTORIAL – PATIENT

The patient can login to the platform through a login form. The user completes the information in the login form and then is navigated to the homepage where all available questionnaires are shown. Each patient can complete the questionnaires once per month and only the first week of each month starting from the day of his registration. The questionnaires can be accessed by selecting them from the central menu or by the four icons shown in the homepage. The user can also select the language he prefers.

The user should follow the steps

1. Login
2. Select language (optional)
3. Complete the questionnaires

1.1 Login

In order to login the patient should add his username and password in the corresponding fields as shown in Figure 1

1. Insert username and password
2. Press login button

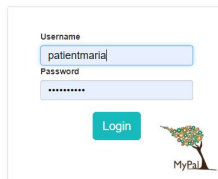

A screenshot of a login form. It features two input fields: 'Username' with the text 'patientmaria' and 'Password' with masked characters '*****'. Below the fields is a blue 'Login' button. To the right of the button is the MyPal logo, which consists of a stylized tree with colorful leaves and the text 'MyPal' underneath.

Figure 1: Login page

1.2 Select language

The patient can select from the menu one of the five languages English, Italian, Greek, Swedish and Czech and the platform is translated to the corresponding language. Example is shown in Figure 2.

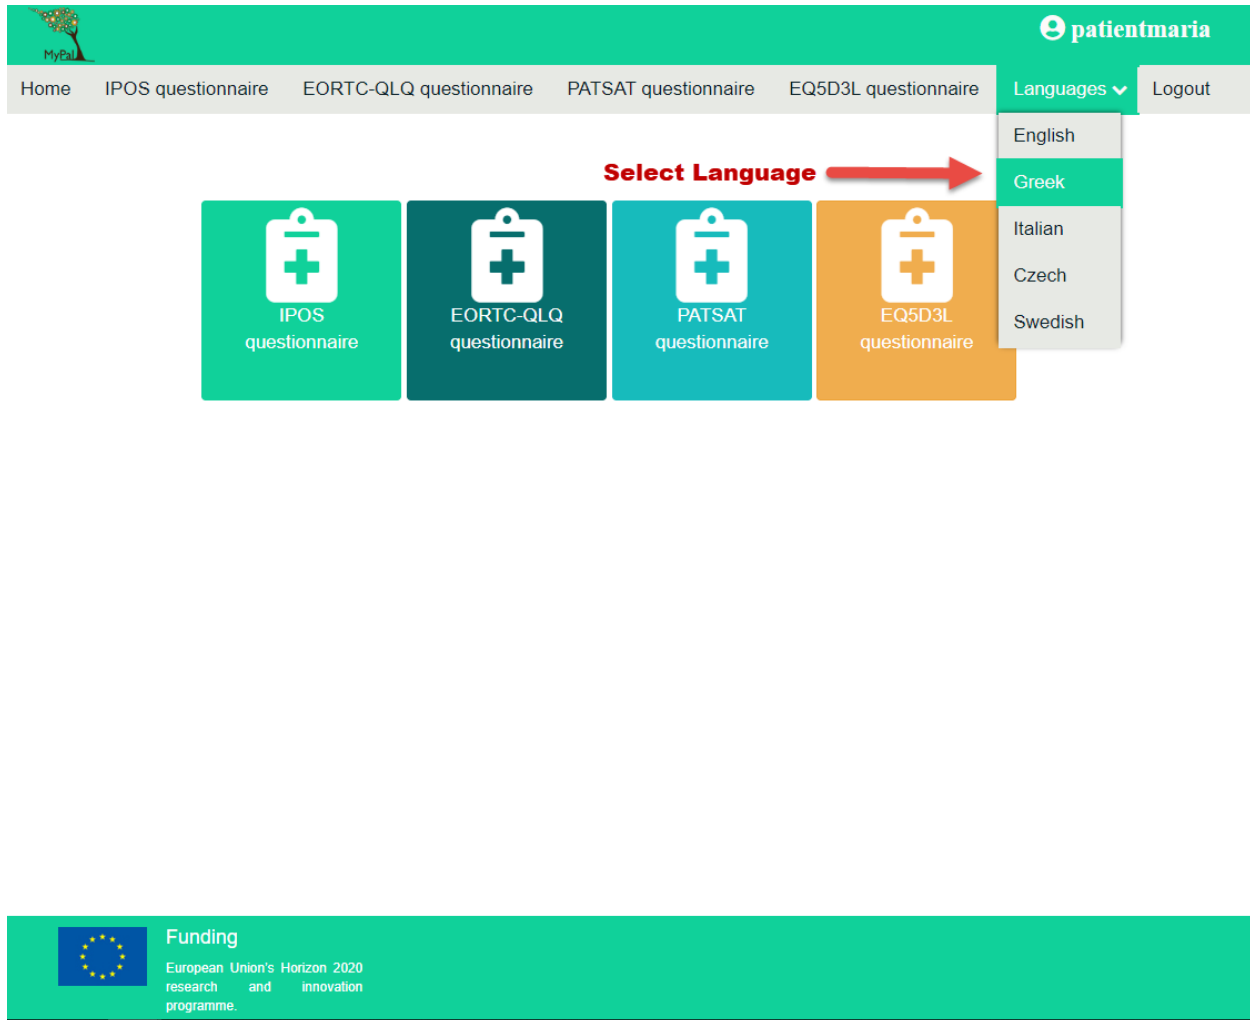

Figure 2: Select Language

1.3 Select questionnaire

There are four available questionnaires to complete as shown in Figure 3. The patient can select any questionnaire he prefers from the menu or from the four button in the center of the page.

1. Select questionnaire

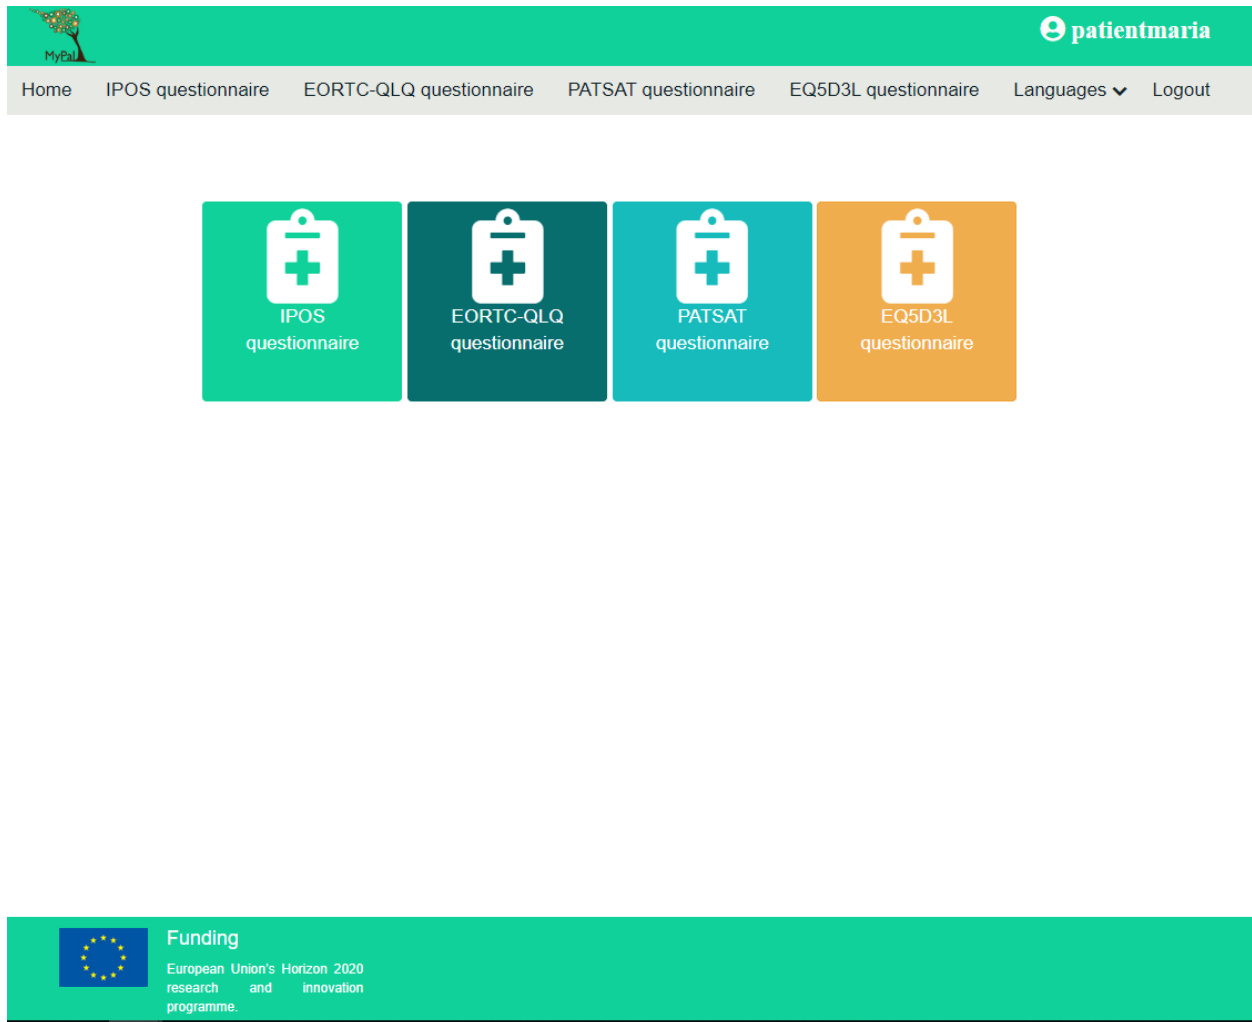

Figure 3: Home page

1.4 Complete questionnaire

The patient can select the preferred answer by pressing the button or if needed write text in the field.

1. Select or write the answers in the questionnaire (Figure 4)
2. Press complete button at the end of the questionnaire (Figure 5)
3. If the questionnaire is completed a pop up will show the message “Thank you for completing the questionnaire” (Figure 6)
